

GENERAL MANAGERS FORUM

29 AUGUST 2019

TAKING CARE OF BUSINESS: KEEPING COUNCIL MOVING FORWARD IN THE FACE OF AN ICAC INQUIRY

Join Matthew Stewart (General Manager of The City of Canterbury Bankstown) and Stan Kondilios (Partner at Hall & Wilcox) in a frank interactive discussion about the consequences of a highly publicised investigation of Councils activities (good, bad or indifferent) before a body with the far-reaching powers of the ICAC.

Learn how The City of Canterbury Bankstown's leadership team dealt with the reputational damage to the organisation, the impact on staff and elected officials, as well as the wider community. Additionally, understand the objectives, pitfalls and limitations of legal representation in this unique forum.

Given that this matter is now adjourned for findings to be made we will not be discussing the detail of the matters before the Commission.
